EXCLUSIVE NEWS TODAY

The friendship seat is located by the garden at the end of the fence on the field.  
It is overgrown by the grass and weeds that are all around it. It looks like no one cares about it. Also there is a dead plain tree right beside it.

The friendship seat is also a resting place for tired birds. On the other hand when the birds are perched on the chair they poo and it stains the chair.

The colour of the chair has faded so it blends in with the nature which makes it look natural.

The Enviro Group are now looking after the friendship seat. Let's end on a positive note and don't forget to hang out there!

Minnie Stratton and Lexi Key  
Y5/6. Reporters.

## **The Friendship Seat is not how it used to look!**

## **Cartoon Section.**

Design and illustrated by Akira Manwaring.

Y5 and Y6 Syndicate students are enjoying the option of bringing their own devices. It helps with their learning because they don't have to wait for a computer to be available to do Maths Whizz or Reading Eggs.

## ***The New Playground***

*Soon to be swarming with Students*

The new playground is for Yr. 3 and 4 students at M.B.S. It started to get built in the first week or so of the school year.

The new playground has many different features. Children can play on swings, slides and monkey bars.

Even though the new playground looks so exciting it could be very dangerous if you are not careful, so please be careful when you are on it.

We hope everyone will have a great time and enjoy the new playground.

## **Where have all the Vegies gone? (cont: pg 3)**

*Weeds, weeds and more weeds.*

(Cont: from pg 2: ...)

Looking at the veggie garden it definitely needs some tidying up.

The Enviro Group has decided to tidy it up to make it a happy and healthier garden again.

The Enviro group is an option for year 5/6 on Friday mornings. There is also a Garden Club for Years 1 to 8. at Friday lunchtimes.

We think the produce may be sold or kept for cooking at school.

The Enviro Group needs your support!

PLEASE don't litter or trample over the new plants and produce.

Liv Brown and Rylie Travers

## **Check out the new Shed...**

**Do you know what's inside?**

*Check me out...*

## **Introducing MBS's New Edition P.E Shed!**

The P.E shed is located outside room 12 and stands up against room 9.

The P.E shed holds all of the P.E gear which includes a range of different kinds of sport gear.

The P.E gear comes out at break times for us to play with it.

You can find the gear in a big green wheelie bin on the field at break times.

Lots of people have been using it, and the P.E shed is a great new feature of MBS.
